Agricultural Chain

Put Your Trust in Renold!

In vast agricultural regions like the Canadian prairies and the US corn belt, more people rely on Renold than any other name. When avoiding breakage and downtime is critical, put your trust in Renold.

Major supplier to large OEMs

Renold has major OEM customers in the agriculture sector who work in partnership with Renold engineers from the earliest stages of their new product development. Their aim to optimise working life and performance is matched by the design and specification of Renold agricultural chain.

Consistent Quality at a Competitive Price

You can be sure of the quality of your chain. Renold makes its own chain in its own factories all over the world. Design skill and manufacturing expertise ensure a range of chains that deliver longer working life in the toughest conditions.

Customised Solutions

Renold has the ability to engineer specific solutions for agricultural applications. One of Europe's largest manufacturers of combine harvesters needed a lightweight chain to resist shock loadings and the Renold chain significantly outperformed all other brands of chain tested.

Renold chains are used on:

- Combine Harvesters
- Vegetable Grading Conveyors
- Grain Elevators
- Round Balers
- Circular Bale Unrollers
- Back-Feed Hoppers
- Box Scrapers
- Fruit Packing Conveyors

Key Benefits

- Excellent resistance to shock loadings
- Lubrication gives prolonged resistance to corrosion
- Improved resistance to link locking, preventing chain breakage on start up
- Zinc and Nickel plated corrosion resistant chains available
- Full and comprehensive range of Agricultural attachments available
- Engineered to meet OEM requirements

Product to meet a wide range of standards

In addition to standard transmission chain, Renold also offers S-Range and CA-Range chain as well as special variants from those ranges giving greater resistance to shock loadings and corrosion.

- **Local support and service from Renold**
- **Wide product range**
- **Good availability through our distributor network**
